Dear competition commission "European HF Championship"!

We were very positive about your decision to restore the European Championship, the organizers of which you are. Civilized radio amateurs should be able to compete. For uncivilized radio amateurs, which are Russians and Belarusians, please introduce sanctions, as they did in 2023, Lithuanian and Polish colleagues limiting the participation of Russians/Belarusians in their competitions:

- "Vitautas Magnus Trophy". Organizer Lithuania "VDURK".

- "Baltic Contest 2023". Organizer Lithuania "LRSF".

- "SP DX Contest 2023". Organizer Poland "PZK", "SPDX Club".

- "Scandinavian Activity Contest (SAC) 2023". Organizer NRAU.

The reason for imposing sanctions against Russian/Belarusian radio amateurs is their violation of one of the basic principles of radio amateurs - "radio amateurism outside of politics", which, as you know, is the basis of the activities of national radio amateur organizations and "IARU".

Activities on the air and the issuing of diplomas dedicated to:

- annexation of Crimea and the eastern-southern regions of Ukraine

- the armed forces of Russia, which are waging a war of occupation on the territory of Ukraine

- Russian enterprises that manufacture weapons for the war in Ukraine Issuing callsigns with the prefixes DØ, D1 in the occupied territories of Donbas is a gross violation of Ukraine's sovereignty.

By using sanctions against radio amateurs of Russians / Belarusians, you will not only join the already existing restrictions, but also become a defense fundamentals of radio amateur movement.

A list of radio amateur organizations that have applied sanctions against Russians / Belarusians and a list of activities on the air of radio amateurs the countries of the aggressor are listed in the appendix to the letter.

Best regards,

President UARL
Oleksandr Zaliznyak UX7UU
